

THINQ 1-3

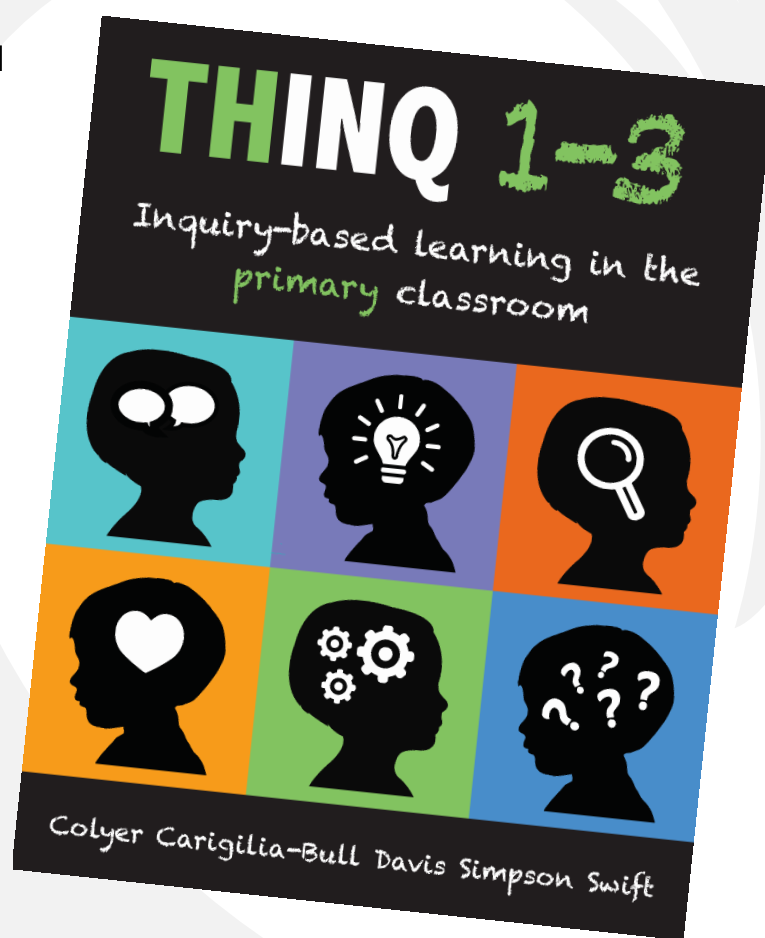

NEW
from
Jill Colyer

THINQ 1-3 examines the role of educators and learners in an inquiry-based primary classroom.

- Written by educators, for educators, in a practical, reader-friendly style.
- Focused on the big ideas that underpin all inquiry-based learning experiences.
- Organized around the questions teachers ask about how to do more inquiry.
- Case studies and features illustrate what inquiry looks and sounds like in primary classrooms.
- Engaging and easy-to-follow layout, instructional graphics and full colour design.
- Includes over 50 classroom-ready, reproducible backline masters.

THINQ 1-3

CONTENTS

Chapter 1 Getting started: Inquiry-based learning with primary learners

- 1.1 What is inquiry learning?
- 1.2 Is inquiry a better way to learn?
- 1.3 How can we support inquiry dispositions in primary classrooms?
- 1.4 Is there a standard model or method of inquiry?
- 1.5 What is the primary teacher's role in inquiry learning?
- 1.6 Is inquiry appropriate for primary learners?
- 1.7 How does inquiry differ from a traditional program?

Chapter 2 Assessment and evaluation: Understanding how our primary learners are doing

- 2.1 How do we assess inquiry?
- 2.2 What exactly do we assess during inquiry learning?
- 2.3 How can we become partners with our students in assessment?
- 2.4 How can I use feedback to improve learning during an inquiry?
- 2.5 Why is balanced assessment important in primary classrooms?
- 2.6 How can we use evidence and documentation to improve learning?

Chapter 3 Wondering and questioning: The heart of inquiry

- 3.1 How do I nurture wonder in my classroom?
- 3.2 How do inquiry questions drive learning?
- 3.3 What are some ways to provoke and launch an inquiry?
- 3.4 How can I help students develop their questioning abilities?
- 3.5 Does every interest, wondering and question become an inquiry?
- 3.6 How do I assess students as they ask questions?

Chapter 4 Finding out: The investigation and exploration phase of an inquiry

- 4.1 How do I get my students interested in finding answers to their questions?
- 4.2 Where does literacy fit into inquiry?
- 4.3 How can I support primary students in working with information, data and evidence?
- 4.4 How can I ensure my students use information that is reliable and credible?
- 4.5 How do I assess the investigation and exploration stage of the inquiry process?

Chapter 5 Making sense: Helping primary students synthesize, consolidate and reflect

- 5.1 What does the "making sense" part of inquiry involve?
- 5.2 What are some obstacles to the synthesis process?
- 5.3 How can we help students consolidate their information?
- 5.4 What are some simple tools to help students draw conclusions?
- 5.5 How do I assess the "making sense" phase of the inquiry process?

Chapter 6 Reflection and sharing: Pushing inquiry to a deeper level

- 6.1 Why does reflection and sharing matter?
- 6.2 What does effective reflecting and sharing look and sound like?
- 6.3 How can I help primary students to listen and respond appropriately during sharing?

Chapter 7 Wrapping it up: What matters most

- 7.1 What are the big ideas of inquiry?
- 7.2 How do I move forward from here?
